SUMMARY

IT professional with a strong IT security and data analysis foundation. Skilled in identifying security threats, supporting vulnerability management, and applying cybersecurity frameworks to real-world scenarios. Experience in database management, data analysis, and R, Python and SQL scripting. Passionate about digital transformation, security operations, and cloud security with hands-on exposure to cybersecurity tools and methodologies.

TECHNICAL SKILLS

- **Cybersecurity & IT Security:** Threat Analysis, Vulnerability Management, Incident Response, Risk Assessment, Security Operations
- **Programming & Scripting:** Python, SQL, R, Bash
- **Framework:** ISO 27001, NIST CSF, SRF, CSA CCM, SAIF, GDPR
- **Security Tools:** Linux, SIEM Tool (Splunk), Playbook, Suricata, Wireshark, VirusTotal
- **Data Analysis & Reporting:** Power BI, Excel, Tableau (Basic), Microsoft 365
- **Soft Skills:** Analytic/Critical Thinking, Problem-Solving, Excellent Communication, Collaboration, Report Writing, Attention to Details

WORK EXPERIENCE

Mentor Me Collective | United State | Cyber Security Scholar | Apprenticeship Feb 2025 – Present

- Analyse real-time security logs, identify anomalies, and support threat detection and incident response activities with Splunk
- Conduct vulnerability assessments and threat detection using industry-standard tools such as Nmap and Wireshark.
- Deploy and implement Python-based security automation scripts to streamline routine cybersecurity tasks.
- Lead and collaborate effectively on team-based projects, ensuring clear documentation and professional communication in the project

MeriSkill | India | Data Analyst | Remote Dec 2023 – Sep 2024

- Participated in data transformation projects using Python, R, SQL, and Excel to ensure data accuracy and integrity.
- Implemented security best practices for database management and data governance.
- Prepared SQL scripts for database queries, increased data management processes and accurate reporting by 20%.
- Assisted team members with ad-hoc data requests and analytical tasks, fostering cross-functional collaboration.

Emmy Frank Nigeria Limited | Nigeria | Data Analyst Jan 2023 – July 2024

- Identified transaction anomalies by monitoring financial logs, enhancing fraud detection.
- Assisted in fraud detection efforts by analyzing patterns in refund transactions.
- Created reports on potential data vulnerabilities and anomalies using the incident handling journal.
- Utilised R to analyse discrepancies related to refund customer transaction data, resulting in a 20% increase in accuracy.

Fidelity Bank Nigeria | Nigeria | Customer Support Analyst | Internship Aug 2019 – Sep 2020

- Provided cybersecurity awareness training to customers, improving security compliance.
- Reported security risks in banking transactions to minimize fraudulent activities.
- Proposed new product features to customers to enhance their overall experience.
- Increased customer satisfaction by 15% through proactive engagement.

PROJECT

Detecting and Preventing Phishing Attacks on Health Workers Feb 2025 – June 2025

- Designed a phishing detection tool (CLI & web app) to protect healthcare workers, supporting UN SDG3.
- Designed a secure network setup and led user training to boost healthcare cybersecurity.
- Analyzed hash values using VirusTotal to identify indicators of compromise (IoCs)

EDUCATION

Vienna University of Economics and Business Oct 2024 - Present

MSc., Digital Economy

- **Coursework:** Database Management and Analysis, Security and Privacy, IT Governance, Business Process Management, System Development & Operations, Transformation management

Federal University of Technology Owerri Dec 2015 - Mar 2022

Bachelor's, Financial Management Technology (GPA: 3.74/5.0)

- **Achievements:** Bachelor's Thesis: The Impact of Electronic Banking on Nigeria's Economy
- **Coursework:** Finance, Economics, Data Structures & Management, Statistics, Business Intelligence, Computer Operating Systems/Research, Risk Management

AWARDS AND CERTIFICATION

Grow with Google/Mentor Me Collective | Google Cyber Security Certification Feb 2025

The American Dream Scholarship | Google Data Analytics Certification April 2024

ALX/Mastercard Scholarship | AI Prompt Engineering August 2024

ALX/Mastercard Scholarship | Financial Modeling and Valuation Analysis July 2022

Excellent Performance Award | Best Customer Services Intern Dec 2019

LANGUAGE SKILLS

- English (Native Speaker), Igbo (Native Speaker), German (A1)
