Address: Elisenstraße 1, 1230, Wien, Austria (Home)

EDUCATION AND TRAINING

02/07/2024 – CURRENT Vienna, Austria

MASTER'S OF SCIENCE - DIGITAL ECONOMY VIENNA UNIVERSITY OF ECONOMICS AND BUSINESS

15/12/2015 – 03/03/2022 Owerri, Nigeria

BACHELOR OF TECHNOLOGY - FINANCIAL MANAGEMENT TECHNOLOGY FEDERAL UNIVERSITY OF TECHNOLOGY OWERRI

Final grade 3.74/5.0 | **Thesis** The Impact of Electronic Banking on Nigeria's Economy

DIGITAL SKILLS

Programming Language

R | SQL | Python

Tools

Power BI, Power Query | Microsoft Excel | Microsoft Powerpoint | Microsoft Word | Google Meet | Microsoft Teams

Soft/Technical Skills

Excellent communication | Critical Thinking | Problem analysis & Problem Solving | Report Building | Attention to Details | AI Prompt Engineering | People Management

WORK EXPERIENCE

01/12/2023 – CURRENT Noida, India

DATA ANALYST MERISKILL

- I utilized statistical techniques and software tools such as R, SQL, and Excel for in-depth data analysis, which resulted in a 30% increase in data accuracy.
- I optimized data collection and reporting processes by implementing data validation rules, reducing processing time by 20%, and increasing efficiency by 25%.
- I performed data cleaning, transformation, and validation, ensuring high-quality data, which led to a 40% reduction in data errors.
- I created detailed reports and visualizations to communicate findings to stakeholders, supporting decision-making and achieving a 15% improvement in project outcomes.

09/01/2023 – 30/07/2024 Lagos, Nigeria

REFUND AND DATA ANALYST EMMY FRANK NIGERIA LIMITED

- I processed and verified refund requests by adhering to company policies and procedures, which resulted in a 15% reduction in processing errors.
- I investigated and resolved discrepancies related to refund transactions by implementing a thorough audit process, which led to a 20% improvement in accuracy.
- I ensured timely and accurate processing of refunds by streamlining workflows, resulting in a 25% increase in customer satisfaction.
- I collected, analyzed, and interpreted large datasets related to refund transactions and customer behaviour using advanced analytics tools, which provided actionable insights that reduced refund fraud by 30%.

- Improved customer satisfaction by 20% through gathering and analyzing user feedback, leading to actionable suggestions that enhanced service models and customer experience.
- Boosted customer service efficiency by 15% by conducting data-driven assessments on proposed changes, resulting in measurable gains in customer satisfaction.
- Achieved a 25% reduction in service errors by supporting quality assurance implementation, ensuring continuous monitoring and timely improvement recommendations.
- Awarded Best Customer Relationship Intern of the Year in 2019 for being customer-focused

PROJECTS

01/04/2024 – 06/06/2024
CYCLISTIC BIKE SHARE

- I accomplished data cleaning and transformation using R by handling missing values and converting date columns to appropriate types, which resulted in a 95% enhancement in data quality.
- I analyzed trip durations and riding patterns of 365,069 bike rides by distinguishing between casual riders and members, which uncovered key behavioral differences and improved user segmentation by 80%.
- I generated descriptive statistics and visualizations by examining the data, which revealed interesting patterns and insights, increasing analytical efficiency by 70%.
- I proposed data-driven marketing strategies by leveraging user behavior insights, which resulted in a 50% increase in converting casual riders into annual members.
